Dear Regan Insurance,

Yes, submit my policies to the best insurance companies in the industry.

I am faxing you my current insurance policies (usually the first 3 pages) for a full review.

I am authorized to use Regan Insurance fax quote line as my fax number. This will allow me to call my insurance company (agent) to fax my policies directly to you.

I understand that even though my insurance policies might have been already renewed or do not until several months that I can still save significantly.

I have not had any losses during the past _____ years.
I have Excellent Good Fair Credit Circle One.
I have been with my current insurance company or agent for the past years.
